Subject: Cultural Resource Survey Required, Ashley Creek Properties LLC, Ashley Creek Mine, S/047/0105, Uintah County, Utah

Dear Ms. Williams:

The referenced Notice of Intention to Commence Small Mining Operations (NOI), received by the Division of Oil, Gas and Mining on June 15, 2011, is complete **with the exception of the cultural resource survey and field confirmation of previous reclamation.** The reclamation contract and the reclamation surety in the amount of \$25,100 have been received.

The site may have been previously surveyed for cultural resources. If so, please furnish a copy of the report. If you are not able to locate results of a previous survey, the School and Institutional Trust Lands Administration (SITLA) may be able to assist you with this requirement and to make a determination whether the project is likely to affect significant historical properties.

Please submit form MR-SITE requesting an inspection to verify reclamation. This form is available on the Division's web site at https://fs.ogm.utah.gov/pub/mines/minerals_related/forms/MR-SITE.pdf.

No new mining related disturbance may be created until the field confirmation of the previous area has been approved, and you have received written acceptance from this office as well as other applicable agencies.

Please contact me at 801-538-5261 or Leslie Heppler at 801-538-5257 if you have any questions regarding this letter. In reply please refer to file number S/0470/0105.

Sincerely,

Paul B. Baker
Minerals Program Manager
